

# **FIRE DEPARTMENT INFO #3**

## **Help Us Help You!**

Additional revenue would first be used to offer Chief Hillman a full-time paid position. This would allow him to devote 100% of his time and efforts to our community since he could leave his current paid position outside of our community. That would allow him:

- 1) To be available to us during our peak call times
- 2) To represent TE in pertinent county mtgs
- 2) To actively recruit graduates from the local firefighter colleges
- 3) To develop the new recruits' skills and confidence to make them the best first responders which benefits us

According to Manatee County Supervisor of Elections, only voters registered to vote at TE in the November Presidential Election will be able to vote on the referendum. These voters will receive a mailer detailing the department's goals. When this mailer is sent, it will also be available for all to read on our website [tefcd.com](http://tefcd.com) under "Tips".
